Five Easy Questions: please circle the response that best describes your opinion.

1) Does this cross industry profile include the skills and knowledge that are most important to ensure the competence of new entry-level workers in your industry?

   a. This is an accurate representation.

   b. This is somewhat accurate however there are important skills or areas of knowledge missing that are necessary to perform competent entry-level work in my industry?

   c. This is somewhat accurate however there are skills or areas of knowledge included that are not necessary to perform competent entry-level work in my industry.

   d. This is not accurate at all for my industry.

Comments:

2) If you selected (b.) in response to question 1 above, please list those skills and areas of knowledge that are missing.

3) If you selected (c.) in response to question 1 above, please list those skills and areas of knowledge that are not necessary to perform competent entry-level work in your industry.
4) Would a valid, nationally portable credential based on this profile help your company identify qualified entry-level candidates more cost effectively?
   a. A credential based on this profile would be extremely useful.
   b. A credential based on this profile would be somewhat useful.
   c. A credential based on this profile would not at all useful.

Comment:

5. Would your organization be willing to participate in: (Please circle all that apply.)
   a. Further validation of the profile or assessment.
   b. Field-testing the assessment.
   c. Using the assessment once it is complete.
